Dear Parents,

Term 1 is coming to an end and we are all excited for the school holidays to start. There is still one week to go and a few things to finish off. The intermediate phase learners have one more test left, but they should not lose motivation. Thank you to the parents for helping their children get through homework and studying. The support they get at home is also important for their education. So let's stick it out for the last few days and look forward to a well-deserved holiday.

NEWS FROM THE GRADE 6 CLASS

It's been a short yet tough term, but the grade 6 class gave it their best. The workload is becoming more, but they are all capable of managing their time. In between all their chatting and extra mural activities, they worked hard to get good results. We hope that the second term will be even better. Good job grade sixes!

Thank you to the parents who supported their children in providing the goods that they sold and for spending the morning with them and others at the school.
