8 May 2020

Dear Parents,

It feels as though it has been a while since we have had a full school week – and we have finally reached the end, happy Friday all!

It is not always easy to create a healthy, consistent routine when life around us has changed, and when school as we know is different to the norm. So for those of you who managed to get through this week and keep a healthy routine, great job. For those of you who may have slipped here and there, that's okay, tomorrow is a new day.

We would like to thank all the amazing parents for being wonderful team players. Remember to please constantly check your child's work, and that they are logging on at the correct times.

Our Grade R's are doing a wonderful job with our e – learning. Even though they have not been in the classroom, their eagerness to learn and the creativity that fills their hearts can turn any place into a place of fun and learning. Well done!

Re-opening of schools:

We will make an announcement once we have all the information and considered all the options for a safe return to the school premises.

Message from our principal Mr. D Swart

This week the message is a short but heartfelt one. We know and understand that this is a very difficult period for some, but you need to know that we will get through this and we will be better people because of it. We have been forced to learn new coping skills and new ways of doing things, and this is good! Please hang in there and know that we too would like for things to return to some kind of normal again because we all find comfort in routine and in knowing that we control our daily activities, but change is as good as a holiday, and sometimes all we need is for the cycle to be broken in order for something greater to emerge.

You are doing a great job and our children are shining their lights brighter than ever before! Thank you for your assistance, your patience and your willingness to make this work, we and your children appreciate this greatly. Please be safe!

Happy Birthday!

A very Happy Birthday to the following learner who celebrated their birthday this week. As you are unable to celebrate with friends or other loved ones, we send you lots of love.

Grade R	Ellena Mwale	8 May
Grade 1	Mila Booyesen	4 May
	Alexis Smit	8 May
Grade 2	Lunati Thabe	8 May

Have a lovely weekend!
Primary School Teachers

Preschoolers Gr 000-Gr R
