23 October 2020

Dear Parents,

We have reached the end of the third week of term 4. With the exams and assessments around the corner, we want to encourage our learners to stay focused on the goal in sight and to remember that they are in charge of the outcomes. Remember to prioritise your study times and work first, then play.

Grade 2 news

The Grade 2 learners have had a wonderful past week with an awesome student teacher to do extra fun activities with them. They wrote a wonderful story together with Teacher Bianca about a little dog, a genie and of course a princess. They then had to draw the pictures of the story in groups. They enjoyed making this story so much. The Grade 2's are very thankful for Teacher Bianca!

Important Dates

Term 4	06 October – December (closing date to be confirmed) <i>Teachers return 05 October – 15 December</i> Afternoon aftercare will run until 18h00 .
28 October	Wacky Wednesday dress up day. A reminder to bring 2 non-perishable foods.
9 November	School day ends at 13h00 during exams.
16 – 25 November	Intermediate Phase exams
16 – 19 November	Foundation Phase assessments

Masks and Visors

Please note that masks should be worn at all times. We have noticed that a lot of children are making use of the visors, but they are not being worn properly by the children and are so damaged that the learners cannot see properly out of them. If a visor is worn, a mask should be worn with the visor.

Stationery

We appeal to parents to please note that stationery needs to be replaced when it is finished. Exams and assessments are coming up and unfortunately nothing will be allowed to be borrowed. Ask your child what they still need in class. If you are still unsure, you can contact their classroom teacher to double check.

Message from our principal Mr. D Swart

Please remember that all exams and assessments must take place at school under examination conditions. We will continue our Covid procedures throughout the exam period and a room will be available for children who have medical exemption and cannot sit in the class with others.

It is very important that ALL our children write their exams as this will contribute directly to determining whether or not they progress to the next grade. Medically exempted learners will be allowed to leave once they have completed their test/exam on the particular day.

Have a wonderful weekend

Keep safe
